

The Vaccinated Can Be Patented (Owned)

In a court case in 2013 Pathology v Myriad Genetics, Inc, in the United States the Supreme Court ruled that you cannot patent human DNA as it was a “product of nature.” But at the end of the ruling the Supreme Court did rule that **if you were to change a human’s genome by mRNA vaccines** (which are being used currently) **then the genome can be patented.**

This means that everyone who has had the vaccine is now technically ‘patented’ and something that is patented is ‘owned’ and will come under the definition of ‘trans human.’

Those people that are legally identified as ‘trans human’ **do not have access to Human Rights or any rights provided by the State. This is because they are not classed as 100% organic or human.**

Therefore, technically anyone having this vaccine could no longer have any access to human rights. There have been a few legal papers discussing this recently, so clarification should be available on this soon. -- <https://arlenejohnson.livejournal.com/2021/07/01/>
